Dear Parents/Carers,

Post 16 Choices and Careers Support for Year 11 Students Lincs2 Applications Website

Further to my letter of 19th January, your son/daughter should now have received their username and password for the Lincs2 Post 16 Applications website. This will allow them to log on and complete their college application online, rather than going direct through a college website. They will be able to search the majority of local providers by course or subject. This will then allow the Academy to keep track of applications and provide support where necessary. Attached to this message is a PDF guide to help parents and students navigate the website.

Students will also receive a Teams invite to a virtual demonstration from me next week in order to provide further support.

Students should find that most information is already pre-populated for applications and they will simply need to state which course they are applying for, or have applied for, and complete their Personal Statement.

If your child has already applied for college they should still ensure that they complete the Lincs2 application. It should take them no more than 10 minutes. They do not need to complete the Personal Statement a second time but instead should simply write, *"I have already applied directly to the College."* You do not need to worry that an application will have been made twice.

If you have any questions, please do get in touch. Regular updates will be provided.

With kind regards.

Yours faithfully

Mr B Curtis
